Resolution No:  
Introduced: May 25, 2006  
Adopted:

COUNTY COUNCIL  
FOR MONTGOMERY COUNTY, MARYLAND

---

By: County Council

---

Subject: Approval of the FY 2007 Capital and Operating Budgets for the Washington Suburban Sanitary Commission

Background

1. Article 29, Section 1-204, of the Maryland Code requires the Washington Suburban Sanitary Commission (WSSC) each year to submit proposed capital and operating budgets to the County Executives of Montgomery and Prince George's Counties for their recommendations. The Executives in turn transmit the budgets to the respective County Councils for amendment and approval. Both Councils, through joint action, may recommend rates for water consumption and sewer use charges and ad valorem tax levies as the Councils deem necessary.
2. The Montgomery County Council on October 18, 2005, by Resolution No. 15-1183 recommended the following spending control limits for the FY 2007 water and sewer capital and operating budgets:

Water and Sewer Rate Increase	3.0%
New Water and Sewer Debt	\$135.250 million
Water and Sewer Debt Service	\$151.833 million
Water and Sewer Operating Fund Expenditures	\$423.290 million

3. The Prince George's County Council approved the same limits for each spending control limit category, except for the limit for Operating Fund expenditures, which was \$423,339,000.
4. In accordance with Article 29, Section 1-204, of the Maryland Code, the WSSC submitted to the Executives of Montgomery and Prince George's Counties the proposed capital and operating budgets as amended for FY 2007 and the record of the public hearing held by the Commission on those budgets.

5. The Executives of Montgomery and Prince George's Counties transmitted to the respective Councils their recommendations on the Commission's proposed budgets.
6. The Montgomery County Council advertised and held public hearings on the Commission's proposed budgets on February 7, 2006 for the proposed CIP and on April 5, 6, 17, and 18, 2006 for the proposed operating budget.
7. The Montgomery County Council approved proposed additions to, deletions from, increases to, and decreases from items contained in the proposed budgets and transmitted these proposed changes to the Prince George's County Council by letter dated May 9, 2006.
8. The Prince George's County Council advertised and held a public hearing on the Commission's proposed budgets on April 4, 2006.
9. The Prince George's County Council made no recommendations regarding the proposed budgets and notified the Montgomery County Council of this action by letter dated May 11, 2006.
10. On May 11, 2006, the Montgomery County and Prince George's County Councils jointly reviewed their respective proposed additions to, deletions from, increases to, and decreases in the WSSC capital and operating budgets and further considered all proposed changes. The Councils did not concur on any proposed changes to the WSSC capital and operating budgets. Therefore, consistent with Article 29, Section 1-204 of the Maryland Code, the Washington Suburban Sanitary Commission's Proposed Capital and Operating Budgets dated March 1, 2006 are adopted.

Action

The County Council for Montgomery County, Maryland approves the following resolution:

1. The following amounts and workyears are approved for the budget of the WSSC for the fiscal year beginning July 1, 2006 and ending June 30, 2007.

Heat, Light & Power	20,251,000	--
Regional Sewage Disposal	37,502,000	--
Contract Work	--	123,908,000
Consulting Engineers	--	23,217,000
All Other Items	133,035,000	89,287,000

Total	<u>\$502,090,000</u>	<u>\$255,011,000</u>
Workyears Authorized:	1,490	

2. The Capital Budget includes the first year of the FY 2007-2012 Capital Improvements Program as detailed in Appendix A (Water) and Appendix B (Sewerage), which are attached and incorporated.
3. In adopting WSSC's FY 2007 operating budget, the Counties and the Commission recognize that although total operating debt service is \$228,670,000 and equals 45.5 % of the total operating budget, water and sewer operating debt service, the portion of debt service supported by water and sewer rate revenues, is \$151,833,000, or 35.8 % of the water and sewer operating budget.
4. The Montgomery County Council recommends that the Commission establish water consumption and sewer use rates and charges as detailed in Appendix C, effective July 1, 2006.
5. The Montgomery County Council recommends that the Commission establish the account maintenance fee for all customers as detailed in Appendix D, effective July 1, 2006.
6. The Commission may adopt certain miscellaneous fees and charges as detailed in Appendix E, effective July 1, 2006, and the Commission may delegate to the General Manager the authority to adopt any new fees and charges that may be needed between that date and adoption of the FY 2008 Budget.
7. Any supplement to the WSSC approved FY 2007 Budget must be submitted in accordance with Article 29, Section 1-204 of the Maryland Code.
8. The Commission must acknowledge the recommendations of the respective County governing bodies regarding certain policies, procedures, and practices, and must:
  - a) obtain the approval of both Councils before increasing operating expenditures above \$502,090,000;
  - b) obtain the approval of both Councils before transferring any funds from any approved expenditure category in the operating or capital budget which exceeds 5% of the approved amount. This transfer authority does not apply to the amount approved for debt service; and
  - c) furnish monthly status reports to each Council and Executive on the fiscal and budgetary activities of the Commission under the approved operating and capital budgets, starting with the end of the first quarter of the fiscal year. These reports must be submitted not later than 45 days after the last day of each month.

This is a correct copy of Council action.
